

# AI FOR S.E.A.

We are looking for the 50 best AI talents in Southeast Asia. Have you got the skills and creativity to join our GrabFamily and create a positive impact?

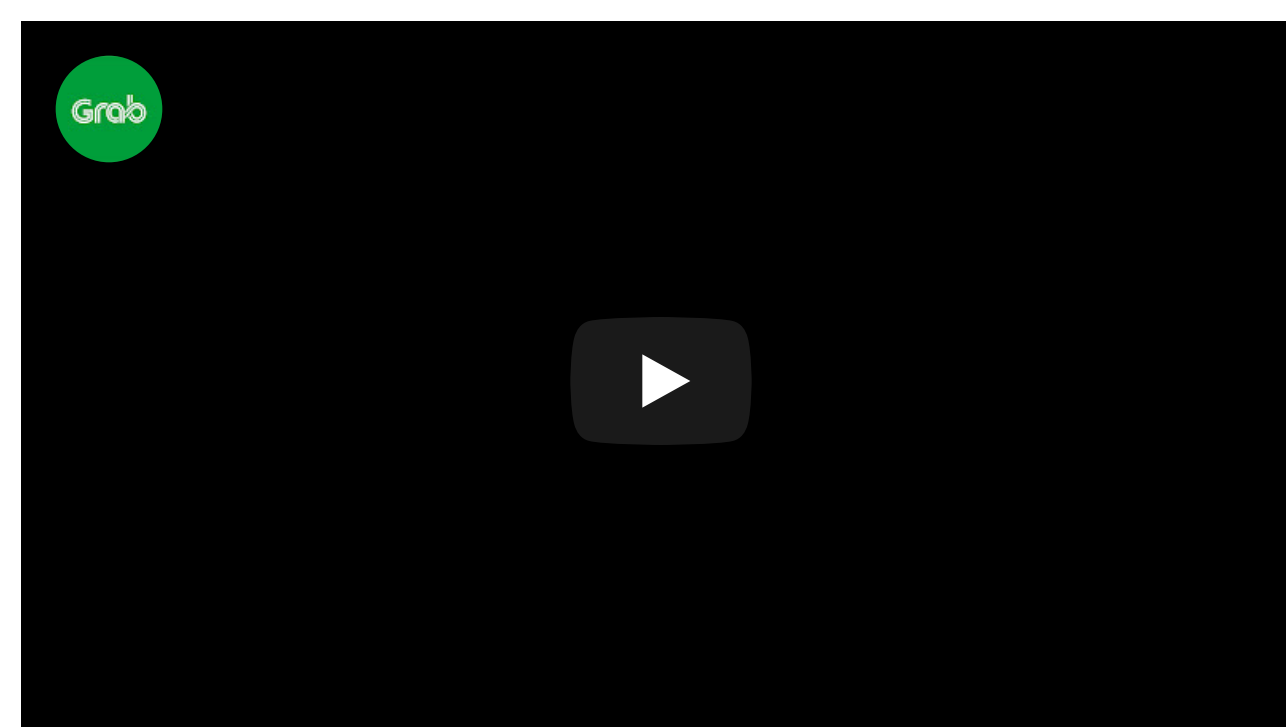

[View the challenges](#)

## At Grab, our mission is to drive Southeast Asia forward.

Every day, we make an impact on millions of lives across the region with our solutions. We feel we can do much more, and we believe that Artificial Intelligence (AI) holds the potential to address a myriad of urban problems and make our cities better.

In the first **Grab AI for S.E.A.** challenge, we are looking for talented, innovative technologists across Southeast Asia.

If you have amazing coding and analytical skills, and the creativity and passion to solve complex problems, **we want to work with you.**

## This is your chance to be part of our

The **Top 50** participants in this challenge will be offered a full-time position at Grab. All you have to do is submit a winning solution to one

# GrabFamily!

of our challenges.
